### Spacing

Allow a minimum distance of 1 x around all four sides of the signature, where x = the height of the gray bar at the bottom of the badge.

The badge must always be readable.

- To ensure this, it should never appear smaller than 1.125” (28.5mm) wide when printed in full color.
- Online, the tile should not appear smaller than 110 pixels wide.

### Other important guidelines

- Use the badge solely on your company’s website, business cards and marketing materials, to indicate that you are a Microsoft Advertising Partner. You may not use the badge on any email, product, book, or other material. Never modify it in any way. Never combine the wordmark with any other text or descriptor.

- Do not combine the artwork elements with other badges, logos or graphics to create new artwork. Never connect the badge to or make it part of any other symbol or icon.

- When used next to other partner logos that are in color, make sure to use the teal version of the badge.
